

Choosing your New School with

primary
times

The definitive guide
to open days for that
all important decision.

A Pull Out
and Keep
Feature

Choosing your New School

Starting to look at secondary schools? We give you the lowdown on what to do

Applying for secondary school is one of the most important decisions you are going to make because it's likely to have a huge impact on your child's future, way beyond the school gates. There's some essential 'homework' to be done before you make that all important choice and you must make sure you know the deadlines for applying via your local authority.

For some, it won't be an issue, as catchment area rules determine your first or other choices, decided by postcode or feeder school. However, for those of you who can choose, the task can seem a daunting one. To help you through the process, follow our tips for some forward planning and get the most out of a school open day.

Make a Shortlist of Schools

Firstly, make a shortlist of the schools that your child could attend by looking at nearby local authority's websites or visit www.education.gov.uk. Make sure you check their admission rules carefully to ensure your child is eligible for a place. You also need to be happy that your child can travel to school easily and that siblings, if relevant, could go to the same school. After that, it's time to take a look at the facts and figures to make a comparison on paper.

Head to the Open Day

Once you're satisfied with your shortlist and you've done your homework, it's time to do the most important thing of all and visit the schools. Nothing beats going to see the school for yourself, so get the most out of your visit with our tips and ideas.

The grand tour

Most open days will feature a pupil led tour. Ask lot of questions and you'll hear all sorts of interesting things from your friendly guide that don't feature in the prospectus. Talk to as many pupils and parents as you can manage on the tour for maximum feedback. Don't forget to take in the atmosphere and environment of the school, to get a feel for whether your child would be happy in these surroundings.

The Headteacher's talk

Don't miss out on the Head teacher's talk, usually given at specified times on open days/evenings. You'll find out what priorities and emphasis the Head gives to various aspects of their school, and will be able to see if these aspirations match your family's own. The Head should come across as genuine, inspiring and bursting with pride for both school and pupils, as well as being very clear about the school's achievements and goals.

Expectations for behaviour

Make sure you query the levels of discipline that are imposed, such as the consequences for late/absent work, unruly behaviour and the uniform code. Feel free to raise serious disciplinary matters such as bullying and how it is handled. The responses should give you a good indication of what is tolerated at the school.

Students in action

As you're on the school tour, observe the children in school, as they will often be a great indicator of a school's ethos. You'll get to see how children treat each other and how they interact within the classroom and corridors. Are they happy? Do they seem confident and animated? Are teachers welcoming and friendly, are you getting the feeling of a warm, open attitude?

Life outside the classroom

Essential learning doesn't just happen in the classroom. Look out for interesting extra-curricular activity posters on the noticeboards. If your child likes sports but isn't an 'A' team candidate, will they still get to participate? If there are after school clubs, check what they are and when they take place.

Peace of mind

The switch to secondary school is a big one and communication will be key. It is important to know how to contact staff if you have a problem or concern. Find out how contact details such as teacher names and emails are provided, and whether the first point of contact should be via telephone or email. It's important to see how easy it is to contact school staff in case of an emergency. Information about good pastoral care should be plentiful as it's an essential ingredient for a happy school life.

It's an open day, so keep an open mind

Remember this is about your child, not you. Try not to be influenced by your own educational experience as it may not be relevant. Find out what your child really thinks and don't hesitate to take advice from trusted teachers who you feel know your child best – you may be surprised by what they tell you. In the end, trust your instincts, find the right environment for them to be happy, then sit back and watch them flourish.

Norlington School

Norlington has long been acknowledged as a high performing school being featured regularly in the top 5% of schools nationally and recognised on three occasions by the Minister of State for Schools for being in the top 100 schools for student academic progress. 2018 GCSE results looked even better with over a third of all exams sat achieving grades 7, 8 or 9.

Not only do Norlington students flourish academically, they also participate enthusiastically in many extracurricular activities which has led to significant success in borough, county and nationwide sporting and academic competitions.

Outstanding sporting success continued in cricket with Norlington reaching the London Cup finals for the second year in succession in addition to several borough successes. Local dominance in Table Tennis continues with the school winning the regional competitions in every age group.

Norlington's STEM credentials were further enhanced when several young mathematicians finished third in the London wide 'Count on Us' challenge. Norlington also won the previous two rounds. In the arts, Norlington boys performed on the stage of a West End theatre. Norlington is well known in the area for developing leaders. This included sixth form student Zain Hussain travelling to New York to speak at the United Nations as part of its 2030 agenda for 'Sustainable Development'.

Mr Hernandez, Principal of Norlington School, told Primary Times, "Norlington is a unique school where the family ethos is the foundation upon which students can go on to achieve great things. Staff and students work tirelessly to realise the school's aim - to become the number one boys' school in the country. Our boys deserve it." For more information about Norlington, please visit www.norlington.net.

Financial Support at Bancroft's School

Have you ever thought about an independent education for your child, but have been frightened by the fees? At Bancroft's in Woodford Green they are able to help with school fees for bright children whose family circumstances mean that a Bancroft's education would otherwise be beyond their reach. Every year, children benefit from Means Tested Awards which provide significant financial help to less well-off families.

Such awards are given to children joining in Year 3 and Year 7 based on their performance in entrance tests, interview and their family's need.

Bancroft's also offer Academic and Music Scholarships at 11+ and 16+ to talented children regardless of their family's income.

Bancroft's School, established in 1737, is a fully co-educational, independent day school for children

from 7 to 18. They have a fantastic history of academic success in GCSE and A Level and pupils of all ages enjoy varied sporting and co-curricular programmes.

Do join them for their autumn Open Days. You will have the chance to view all the fantastic facilities and to talk about the financial support which Bancroft's may be able to offer your child. Visit www.bancrofts.org for more information.

Forest School

Forest School is an independent day school for pupils aged 4-18, educating more pupils than ever on the same site in Snaresbrook where it started out in 1834. Forest benefits from a tremendous location on the very edge of north-east London. It is a city school with thirty acres of grounds surrounded by forest.

The school encourages outstanding academic progress and personal development offering an all-round education for all pupils which consists of excellent academic teaching and learning, and extensive opportunities outside the classroom encompassing everything from sport, music, art and drama to their huge range of co-curricular clubs and activities.

Their boys and girls (more than 1,300 in equal proportion) are taught in single-sex classes from the ages of 7-16 and in a co-educational environment in the Pre-Preparatory school and Sixth Form. Forest believe this combination of single-sex and mixed educational opportunities, the diamond structure, gives pupils the best of all worlds. Their traditional House structure, comprising of 14 single-sex Houses, enables the school to cater to the specific needs of boys and girls whilst cultivating a sense of pride, loyalty and belonging.

Forest is a school that balances real academic progress with exceptional personal development that is evident in the men and women walking out of the white gates. Forest is the place where people grow.

The school has an Open Day on Saturday 22 September running from 8.30am-1pm. For more information, please call 020 8520 1744, email admissions@forest.org.uk or visit www.forest.org.uk.

Woodford Green Preparatory School

At Woodford Green Preparatory School they have transformed the teaching of Science so that every pupil has an excellent first experience of the subject. They were awarded the Silver Primary Science Quality Mark in 2016 which recognises that, as a school, they are achieving excellent results.

OPEN MORNINGS For Entry September 2019

7+ Open Morning Saturday 13 October 10am - 12pm
11+ Open Morning Saturday 17 November 10am - 12pm

Please arrive promptly for the introductory talks and note that parking on the site is limited.

An independent HMC day school for children aged 7-18 years

The school pride themselves on getting children to be more independent in their learning and therefore adapted the curriculum to give pupils the opportunity to undertake a more 'hands-on' approach.

Woodford Green are fortunate to have a fully equipped Science room where all lessons take place. The children get to experiment in an environment filled with the necessary resources for each area of the Science curriculum. This allows teachers to be passionate about teaching Science and gives them the freedom to let the children lead the lessons through investigating, experimenting and forming their own opinions.

Science at WGPS is taught from EYFS up to Year 6. The children's work is assessed regularly and evaluated based on their knowledge and ability to work scientifically. Every June, Woodford Green have a themed Science event for one week, and focus on messy, noisy and fun experiments like making mini-volcanoes explode or creating bath bombs and slime. For the past three years the school have taken part in various Science competitions and they feel very proud of the children's love of Science. Children and parents have also been enthusiastic about doing Science at home and sharing it with the teachers. Science should be fun and exciting and Woodford Green make sure that this is apparent in their teaching and learning. There is never a dull moment. Join the school at their Open Afternoon on Friday 9 November from 1.30-3pm. To register your interest, please visit www.wgprep.co.uk.

Raine's Foundation School

Raine's Foundation School is one of the oldest schools in London. They have played an important role in the East End for nearly 300 years. Developing a sense of community is pivotal to the schools ethos. As they move further into the 21st century they are developing a community spirit to ensure Raine's Foundation School is a school for local children, just as it was when the school was established in 1719.

Rob Hullett, Headteacher, told Primary Times, "I fully understand how important

it is to you as parents and carers to select the right secondary school for your son or daughter. You will want the school to

provide your child with opportunities to develop socially and academically in an environment which is challenging, caring and supportive. Raine's Foundation school is able to offer these opportunities.

Raine's offers something different too. We are a smaller than average secondary school. This means pupils are recognised as individuals, enabling support to be tailored to their needs. Raine's is truly comprehensive and fully inclusive.

We are also developing our links beyond our immediate neighborhood with links

and visits to Europe, America the Middle East and China.

I look forward to welcoming you to our school and invite you to visit us at one of our open evenings."

Timetable for Choosing your New School

September/October Attend school open days to choose which ones to apply to.

31 October

Final deadline for submitting application forms.

1 March (Offer Day)

Your child's offer will be available on your council's website. They will then be posted out.

Anything Nose in Schools Next March

Red Nose Day is back for 2019, and Comic Relief is calling on all teachers to clear their school's diary on Friday 15 March to take part in the epic fundraising extravaganza.

Red Nose Day is a time in the school year that students remember for a lifetime - donning a nose, dressing up and coming up with all kinds of wacky ways to raise funds for a good cause.

It isn't just an exciting opportunity to take part in a fantastic day of fundraising. Red Nose Day also gives students a great chance to learn more about the world around them and how Comic Relief is working to support vulnerable people both at home in the UK and around the globe.

To help schools get red-y for a day of fundraising and events, teachers can now pre-order a free fundraising pack tailored specifically for primary schools. The packs are bursting with ideas - fundraising guides, posters, stickers and balloons - to help ensure schools will have an unforgettable time. Comic Relief also offers school curriculum materials and videos that teachers can use to help raise awareness of the world around them and those living incredibly tough lives.

To have these tips, tools and classroom ideas land in your school's post box this January, pre-order your pack now - just head to www.rednoseday.com/primarytimes.

Comic Relief is a registered UK charity that aims to create a just world, free from poverty - where everyone is safe, healthy, educated and empowered. Since 1985, Comic

Relief has raised over £1 billion. That money has helped, and is helping, people both here at home in the UK and across the world.

For more information about Comic Relief and the work it carries out, please visit www.comicrelief.com.
