

Have fun getting to know
Pip and some of his friends!

Salty Cove

Pip lives in Salty Cove – the perfect
seaside town and a place that offers
adventure. Everyone wants their
holiday adventure in the Cove!

Pip

Pip is the perfect puppy
playmate. He is adventurous,
generous and a little bit
mischievous! He is always
on the look-out for new
opportunities to play and have
fun! Pip loves the town he
lives in, boats and his friends!

Hopper

Hopper is a rather
loud, one-legged
seagull, who's afraid
of heights! He is very
nosey and likes to
get involved in Pip's
adventures. He also
likes to tell the other
characters facts and
jokes to keep them
entertained!

Alba

Alba is a clever kitten. She is thoughtful, likes
being a good friend and making Pip laugh! She
is also very good at making things and being
creative, including drawing things in her
scrapbook. She keeps this along with many
other useful things, in her backpack – which is
useful to take on the adventures they have.

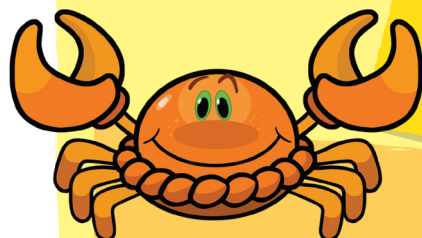

Skipper

Skipper is the lighthouse keeper – an old, salty sea dog full of useful, and sometimes useless information about life beside the sea! Skipper is kind, gentle and wise. He loves to tell Pip and his friends about his wild and wonderful adventures in the Cove. He's also Pip's uncle.

Alan

Alan the little penguin is the same age as Pip and Alba. He gets easily excited and loves bouncing around Salty Cove. Sometimes his enthusiasm gets him into trouble!

Pasty

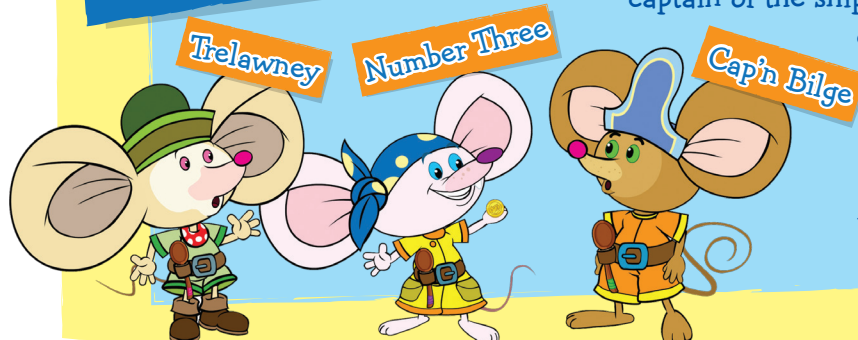

Pasty the crab is the quietest of Pip's friends and has lots of hidden talents the others don't know about! Pasty lives in an old upturned boat and likes to collect all kinds of odds and ends that he finds on the beach.

The Squiblets

The Squiblets are a cluster of little singing shells attached to the rock at Salty Cove. They love to sing songs about the day's events!

Mice Pirates

The Mice Pirates are the three rascals of the show. Cap'n Bilge is number one, he's the bossy, vocal captain of the ship; Trelawney is his easy to please deputy; and then there's Number

Three, who rarely speaks but when he does has VERY deep voice. When they're not sailing in their ship, you'll spot them eating cheesecake and pizza.
